THE TIMES.
A. H. CLEMENT EDITOR.
WEDNESDAY, OCT. 31, 1906.

The farmers in National Convention assembled, make the same reasonable demands which are being made by our farmers Association: "To live and let live" is all they ask, and the man who objects to a policy like that isn't a good man. There need'nt be no fear that farmers will become multi-millionaire, powerful, proud and oppressive. If they make money it will be spent in improvements on land and buildings, in its proved stock, better furniture and better clothing. Farmers prosperous means general prosperity.

Weaver, of Philadelphia, shows himself a weakling rather than a man of courage, in yielding to the senseless and passionate demands of idle and worthless negroes. Uncle Tom's Cabin has been flaunted in the faces of the Southern people for years gone by and no Mayor has been asked to interfere with its rendition. The Clansman is entitled to the same rights of way. The negro problem, however, has invaded the North and is there "to stay," as the immortal Rev. John Hannon would add, Amen.

"The export of cotton alone to Europe will require more gold than is annually produced throughout the whole world." And yet some people are foolish enough to say that money is superabundant and that the man who would have enough for the business wants of the people is a crank and enemy of society. Away with such nonsense. The government is the only money maker, so let it make enough just as the farmers do of wheat.

The Times-Dispatch approves the action of Mayor Weaver in prohibiting the Clansman when it is known that "Uncle Tom's Cabin" had the right of way from the Potomac to the Gulf. We confess that there are times when we don't begin to understand our big brother. Bryan and Dixon arred flags across its way.

Neither Col. Lamb, of the 3rd district nor any of our candidates for congress need waste time in discussion with Republicans. The only object they have in asking for such is to secure audiences. Let's go on and attend to our business and leave the "lily white" to their associates.

Those old heroes who "wore the gray" had the keys to the city of Roanoke last week and entered and occupied. The ranks are thinning, let us hope they are strengthening beyond the river where the great Captain is gone before.

Commissioner Koiner has'nt as yet flooded the State with English laborers or English land buyers but now and then he is locating a new resident and as they are "hand picked" we have no doubt as to the quality of the fruit.

Fall plowing has opened up in Richmond and the good people of the city have high hopes for a good grass crop. But they would have it distinctly understood that none of it is to grow on the streets, only on the Capitol square.

Major Koiner promises to be the most successful real estate representative in the Virginia field. He enjoys vantage ground and is wise enough to take advantage of it.

The people of the State of Georgia stood with uncovered head beside the bier of "Sam" Jones for they knew him, honored him and loved him.

If the farmers "stand together" they can protect themselves against all combinations, but their house divided against itself must fall.

Road Commissioner Wilson seems to be a busy man. With the work before him the wonder is that he knows where to begin.

The Government has 500 meat inspectors at work. No microbe should be allowed to escape. But who will inspect the inspectors?

Did anybody ever hear that Gen. Lee expressed a wish to have a military funeral?

A fine of a hundred thousand dollars sounds big, but whoever heard of one being collected?

The season of black eye peas and dance hurricane is a close. When Xerxes three met again?

Atty. Gen'l. Moody may make a good judge, but his face is "agin" him.

Mr. Hearst is getting a huge chunk of the harrah.

A Certain Cure for Croup - Used for Ten Years Without a Failure.

Mr W. C. Bott, a Star City, Ind. hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and the last two years this remedy for the past ten years and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough.

WHY A FARMER SHOULD KEEP A BANK ACCOUNT.

Farmers as a rule do not keep books of acc unts. Their accounts therefore, on the ledge of a book will affect them a complete record of all their important transactions, involving the payment or receipt of money. A cancelled check, when returned by the bank, at the end of the month, constitutes the safest receipt one can have for showing the payment of money. Paying a laborer, a store account, or any other bills, with a check drawn on a bank, is safer than using money; because the person receiving the check must endorse it and the check should be preserved as a receipt.

Money deposited in a bank is not so easily or so often "Pooled away" as when carried around in one's pocket. Try the experiment for one year of keeping a bank account and see if it does not pay you.

A large number of the most reliable farmers, in this section, have accounts with us. We are very desirous of having the accounts of farmers on our books an we will be glad to furnish, at any time whatever information we can in regard to the subject of banking.

The persons who open accounts with us we furnish check books free of cost.

Consumption

There is no specific for Consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come nearly near curing it, if there anything to build on. Millions of people throughout the world are living and in good health on one lung.

From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not get it in its old form, hence the very little good. They take

SCOTT'S EMULSION

tolerate it for a long time. There is no oil, nothing but butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so useful in consumption where ...se must be continuous.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Two Reasons Why We Grow
Progress is noted in two ways, viz:
1st—The incentive to make provisions for future demands.
2d—The care to make the best possible results of the present.
And so it is today, by such methods,
LYNCHBURG'S GREATER STORE
Stands out as substantial evidence of these two potent factors in commercial upbuilding.
We are never satisfied, no matter how good the service, no matter how splendid the results of our efforts, no matter how superb are the assortments of merchandise offered in our various departments.
We are planning for better conditions, striving to make this store the foremost in the State, and it shall be done only by fair dealing, courteous treatment and prevailing low prices. Thus the tide will swell and the store of yesterday is the better store of today, and on and on till greater things be accomplished, our facilities to serve you the best possible.
